- 3. No inspection is necessary because:

The property sale/transfer may occur with the stipulation that the Seller and Buyer have a signed agreement as to who is responsible for the Compliance Inspection, which inspection must be completed by June 1st, and who is responsible for the replacement or upgrade of the septic system if it is Failing or an Imminent Threat. When the inspection indicates that the septic system is FAILING and/or is an IMMINENT THREAT, replacement of the system shall be within ten (10) months of the inspection. **Attach Copy of Agreement.**
